### **Hotels for Trees**

Are you staying with us for more than one night? Hotels for Trees is an organization that will plant a tree for every day that you do not need housekeeping. How does it work? Hang out your card in front of the door in the morning and our colleagues will register this. Afterwards the organization will plant a tree on your behalf and together we can strive for sustainability!

On behalf of our entire Team we wish you a wonderful stay with us.  
Please do feel free to contact us at any time for questions or assistance.
